			RBT Ethics Code - 2	018				
Section 1 - Responsible Conduct								
1.01 RBTs uphold and promote the values and core principles of behavior analysis.	x							
1.02 RBTs have an obligation to remain familiar with this code. Lack of knowledge or understanding of this code does not excuse unethical conduct.	х						х	

VACE and Ethical Guideline Matrix Dr. Jenna Sage, BCBA	Duefessionalism	Communication	Cuitinal Thinking	Tashualam	Taammada	Landauskin	Career & Self	Fauita O Indusian
Special Learning Webinar January 2021	Professionalism	Communication	Critical Thinking	Technology	Teamwork	Leadership	Development	Equity & Inclusion
1.03 RBTs are truthful and honest and create an environment that promotes truthful and honest behavior in others. They promote an ethical culture in their work environments and make others aware of this code.	х	х			х	х		
1.04 RBTs act in a way that conforms to the legal and ethical codes of the professional and social communities where they are members. They do not lead others to engage in fraudulent, illegal, or unethical conduct.	х	х			х	х		х
1.05 If RBTs' ethical responsibilities conflict with employer policies, RBTs must bring the conflict to their supervisor's attention, document that they did so, and document the resolution.	х		x			х	x	
1.06 RBTs avoid multiple relationships with clients and supervisors. If they find that a multiple relationship has developed due to unforeseen circumstances, they inform their supervisor and work to resolve it. If the multiple relationship involves their supervisor, the RBT should report it to the person to whom their supervisor reports.	х	х	х					
1.07 RBTs do not engage in sexual relationships with clients or supervisors. RBTs refrain from sexual relationships with former clients or supervisors for at least two (2) years following the date the working relationship ended.	х		х			х		
1.08 RBTs recognize that their personal problems and conflicts with others may impact their ability to perform their duties and refrain from providing services when this is the case.	x		x		x	х	x	х
1.09 RBTs follow through on obligations and contractual commitments with high quality work and they do not make commitments they cannot keep.	х				х	х		
1.10 RBTs do not make false, deceptive, misleading, exaggerated, or fraudulent public statements about their work or qualifications.	х	х						
1.11 RBTs provide a current and accurate set of credentials (e.g., degrees, certifications) to clients, employers, and supervisors upon request. Changes to certification status must be immediately reported to employers and supervisors.	х						х	
1.12 RBTs obtain permission to use trademarked or copyrighted materials as required by law. RBTs provide citations that recognize the intellectual property of others, including trademark and copyright symbols.	х	х		х				
1.13 RBTs attempt to resolve issues informally when possible, without violating confidentiality, by first bringing the issue to the attention of their supervisor and then the individual involved. RBTs document their efforts to address any of these issues. If the matter cannot be resolved informally, they report it to the appropriate authority (e.g., employer, director, regulatory authority). If the matter meets the reporting requirements of the BACB, RBTs must submit a formal complaint to the BACB.	x	x	x		x	x	x	
Section 2 – Responsibility to Clients								

VACE and Ethical Guideline Matrix							Career & Self	
Dr. Jenna Sage, BCBA	Professionalism	Communication	Critical Thinking	Technology	Teamwork	Leadership		Equity & Inclusion
Special Learning Webinar January 2021				· ·		•	Development	
2.01 RBTs support the legal rights and preferences of								
clients.	X							
2.02 If RBTs become aware that a client's legal rights								
are being violated, or if there is risk of harm, RBTs must								
take the necessary action to protect the client. This				v				
includes but is not limited to: (1) contacting relevant authorities; (2) following organizational policies; (3)	Х	X	X	X			X	
consulting with their supervisor; and (4) documenting								
their efforts to address the matter.								
2.03 When providing services, RBTs do not discriminate								
against, demean, or harass individuals or groups on the								
basis of age, gender, race, culture, ethnicity, national								
origin, religion, sexual orientation, disability, language,								
socioeconomic status, or any other basis forbidden by	x							x
law. RBTs recognize their own limitations and obtain the								
proper training, consultation, or supervision when								
providing behavior technician services to protected								
individuals or groups.								
2.04 RBTs do not accept gifts from or give gifts to	Х							
clients.	^							
2.05 RBTs may not share identifying information about								
clients on social media. They must avoid creating								
situations where such information could be shared by	X	X		X				
others, including, but not limited to, written information,								
photos, or videos.								
2.06 RBTs always obtain permission from clients and staff to record interviews and service delivery sessions.								
Consent must be specifically and separately obtained	X	X		X				
from each individual.								
2.07 RBTs protect the confidentiality and privacy of their								
clients. RBTs only use relevant identifying information in								
their job-related communications (e.g., consultation,								
emails, reports). Confidentiality and privacy requirements	Х	X			Х			
may be established by law or by an organization's								
policies.								
2.08 RBTs only discuss confidential information with								
those who need to know that information. They share								
information for job-related purposes only. Confidential								
information includes, but is not limited to: (1) information								
about anyone with whom the RBT works; or (2)						.,		
information about anyone to whom the RBT provides services. RBTs maintain confidentiality when handling	Х	X	X			Х		
records under their control. This includes records that								
are written, electronic, or in any other format. Handling a								
record may include creation, storage, access, transfer, or								
disposal.								
2.09 RBTs never disclose confidential information								
without consent from the client. Exceptions are made as								
required by law, or where allowed by law for a valid	х	x	x			x		
reason. This includes, but is not limited to: (1) providing	^	^	^			^		
needed services; (2) obtaining appropriate consultations;								
and (3) protecting the client or others from harm.								
2.10 RBTs create, maintain, distribute, store, retain, and								
dispose of records and data relating to their services (1)								
in accordance with applicable laws, regulations, and	Х	x		х				
policies; (2) in a way that complies with the requirements	-	1		-				
of this code; and (3) in a manner that allows for appropriate transition of service at any given time.
